友達の紹介でやり取りすることになったオーストラリアに住む Caren から、自己紹介のメールが届きました。英文を読んであとの問いに答えなさい。

Dear Ai,

Hello, my name is Caren. This is my first e-mail to you! Let me introduce myself.

I have lived in Sydney for eight years since my family moved here when I was five. I live with my parents and my brother James. He is three years younger than me. My grandparents live near our house.

I have a lot of friends and enjoy my school life. At school, my favorite subject is definitely science because I can learn a lot of exciting things. Both of my parents teach math at high schools. I like the subject, but not so much, and my least favorite subject is PE. I'm not good at exercising.

After school, I usually read books, and go out or watch movies with my friends. We see various kinds of movies except for horror movies. On weekends, my parents often take James and me to the zoo. I love animals!

What do you do in your spare time?

In my country Australia, there are a lot of rare kinds of animals, such as koalas, kangaroos, wombats, Tasmanian devils, and many more. I like just looking at animals, playing with them, and taking care of them. So I've naturally come to be interested in animal rights and being a vegetarian.

These days I wonder what I should be in the future. I would like to get a job which has something to do with animals. How about you? Please tell me what you are interested in.

I'm really looking forward to your reply.

Love,

Caren
